Form No:	110002	Revision Date:	29.04.2011
Fire	Full-face self-contained breathing ap should be worn to prevent inhalation e/Explosion Hazard: None	paratus (SCBA) used in positive pressur of airborne contaminants.	re mode
5.5 Addit	ional information		
	water. Ensure there are sufficient retaining f	not enter drainage systems, soil, or stret facilities for water used to extinguish fir er must be disposed of in accordance wi	re.

regulations issued by the appropriate local authorities

## ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

• See section 8.

## 6.2 Environmental precautions

- Do not let product enter drains.
- If contamination of sewers or waterways has occurred advise emergency services or local regulatory body.
- Spillages or uncontrolled discharges into watercourses must be alerted to the Environmental Agency or other appropriate regulatory body.
- See section 12.

## 6.3 Methods and material for containment and cleaning up

## 6.3.1 For containment

- Clean up all spills immediately.
- Avoid contact with skin and eyes.
- Place spilled material in clean, dry, sealed container.

## 6.3.2 For cleaning up

Containers with collected spillage must be properly labeled with correct contents.

## 6.3.3 Other information

Keep in suitable, closed containers for disposal.

## 6.4 Reference to other sections

- Personal Protective Equipment advice is contained in Section 8
- Dispose of contaminated material as waste in accordance with section 13.

## . HANDLING AND STORAGE

## 7.1 Precautions for safe handling

## 7.1.1 Protective measures

## Safe handling

- *Read and follow manufacturer's recommendations.*
- Avoid contact with skin and eyes.
- Wash hands after handling.

## Fire preventions

- See section 5
- Aerosol and dust generation preventions:

## PHYSICAL AND CHEMICAL PROPERTIES

#### 9.1 Important health, safety and environmental information

9.1.1 Appearance	
Form/Physical State	Solid
Color	According to the product specificatrion
Odor	None
9.2 Safety relevant basic data	

Data	Value
рН	Not Applicable
Melting point / Freezing point ( $^{\circ}C$ )	Not Available
Boiling point/range (°C)101,3 kPa	Not Available
Flash Point (°C) COC	390-700
Auto Ignition temperature ( $^{\circ}C$ )	>450
Density $gr/cm^3$	1,38 @20°C
Solubility in water	Insoluble
Volatility	Negligible
Explosive Property	None explosive

Note: The above features was determined according to prescribed methods at the Classification, Packaging and Labeling of Hazardous Substances Regulation Section A-3 or a method comparable to the other.

## 10. STABILITY AND REACTIVITY

10.1	Reactivity
------	------------

• See Section 7.2

## 10.2 Chemical stability

Very Stable

## 10.3 Possibility of hazardous reactions

- Under normal usage none.
- However, harsh chemicals such as Ketones, Toluenes, Acetones and other similar solvents may melt or react with the surface finish.

## 10.4 Conditions to avoid:

#### Avoid reaction with oxidising agents

## 10.5 Incompatible materials:

See Section 7.2

# Safety Data Sheet

According To Regulation (EC) No 1907/2006 (REACH)

## **PVC EDGE BANDING**

Version:	1.0	Print Date:	22.08.2011
Form No:	110002	Revision Date:	29.04.2011

## 10.6 Hazardous decomposition products:

Hydrochloric acid can be formed if product is heated to the point of burning and then in the presence of water may form Hydrochloric Acid.

## 10.7 Hazardous polymerization:

• Will not occur.

## 11. TOXICOLOGICAL INFORMATION

## 11.1. General Information

Toxicity Overview:

Under normal working conditions this product does not represent any unusual health hazards, however as any industrial product the normal precautions should be taken when machining or applying.

## 11.2. Acute toxicity

No data Available

## 11.3. Skin corrosion/irritation and Eye damage/irritation:

Skin irritation or corrosion			
Assessment of available human and animal a	lata,	No data available	
Assessment of the acid or alkaline reserve In vitro studies		No data available	
In vivo skin irritation		Slightly irritating	
Eye irritation			
Assessment of available human and animal data,	No data a	wailable	
Assessment of the acid or alkaline reserve No data In vitro study		wailable	
In vivo eye irritation	Mildly irr	ritating	

#### 11.4. Chronic Toxicity

## 11.4.1. CMR effects (Carcinogenity) :

Not listed as carcinogenic.

## 11.4.2. CMR effects (Mutagenicity and Toxicity for reproduction) :

Reason for no classification: conclusive but not sufficient for classification

## 11.5. Other Toxicological Effects:

Allergic Effects	No known adverse effects	
	Repeated and long term exposure may cause skin dryness or cracking.	
Sensitization	No known adverse effects	
Developmental Toxicity (Teratogenicity)	No known adverse effects	
Fertility	No known adverse effects	
11.6. STOT-single/repeated exposures:		
STOT-single exposure No data available		
STOT-repeated exposure	No data available	

Version: 1.0 Form No: 110002	Print Date:         22.08.20           Revision Date:         29.04.20
1.7. Symptoms related to the physical, chemical a	and toxicological characteristics:
In case of inhalation No known adverse e	~
In case of skin contact May cause skin irrite	
In case of eye contact May cause eye irrita	ution.
In case of ingestion May cause discomfo	rrt if swallowed
1.8.Additional Toxicological Information:	
• Toxicological classifications are based or	n available knowledge and information
• EEC classification : None	
× •••	ed by taking into account the information in
section 3.	
2 ECOLOGICAL INFORMATION	
2.1 Eco toxicity:	
No data available for LC50, EC50 for the pro	oducts.
2.2 Photo degradation	
No data available.	
2.3 Effects on Waste Water Treatment Plants	
	es of micro-organisms, whether the information
is not related, the likely impact on waste wate	
2.4 Mobility	<b>^</b>
• No data available	
Water threat class	No data available
Clean Water Impact	No data available
Known or predicted environmental distribution	on No data available
2.5 Results of PBT and vPvB assessment	
Biotic	
Ready biodegradability:	Not applicable
Abiotic:	
Hydrolysis as a function of pH:	Not applicable
Photolysis:	Not applicable
Atmospheric oxidation:	Not applicable
Persistence and degradability:	
Decomposition Potential of the products	None.
The half-life of degradation	Not known
Potential degradation of product content in the	he No data method
evaluation of wastewater treatment plants	No data available
<b>Bioaccumulation Potential :</b>	
Biological environment (biota) accumulation	Not applicable
potential	Not applicable
	Not applicable No data available

## **15. REGULATORY INFORMATION**

15.1. Safety, Health And Environmental Regulations / Legislation Specific For The Substance Some of ingredients of this product is found on the following regulatory lists;

"European Chemicals Agency (ECHA) List of substances identified for registration in

# Safety Data Sheet

According To Regulation (EC) No 1907/2006 (REACH)

## **PVC EDGE BANDING**

Version:	1.0	Print Date:	22.08.2011
Form No:	110002	Revision Date:	29.04.2011

- 2010",
  "European Union European Inventory of Existing Commercial Chemical Substances (EINECS) (English)",
  - "European Union (EU) Annex I to Directive 67/548/EEC on Classification and Labelling of Dangerous Substances updated by ATP: 31",
  - "European Union (EU) Regulation (EC) No 1272/2008 on Classification, Labelling and Packaging of Substances and Mixtures Annex VI",
  - · "GESAMP/EHS Composite List GESAMP Hazard Profiles",
  - · "IMO IBC Code Chapter 17: Summary of minimum requirements",
  - "International Fragrance Association (IFRA) Survey: Transparency List",
  - "OECD Representative List of High Production Volume (HPV) Chemicals"

This safety data sheet is in compliance with the following EU legislation and its adaptations – as far as applicable - :

• 1907/2006/EC ,67/548/EEC, 1999/45/EC, 76/769/EEC, 98/24/EC, 92/85/EEC, 94/33/EC, 91/689/EEC, 1999/13/EC,

## 15.2. Chemical Safety Assessment

- 15.2.1 HAZARD
  - None.

CLP classification according to Annex VI of CLP (Regulation (EC) No 1272/2008)

15.2.2 RISK

## None

## 15.3. Label Elements

- This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006 and ISO 11014:2009. This product is classified according to EU Directive 67/548/EC and GHS/CLP.
- System of specific information relating to Dangerous Preparations: 2001/58/EC as amended by Directive 93/112/EC, 2001/58/EC and 2006/8/EC.

## **16. OTHER INFORMATION**

## 16.1 Other information

- For additional information regarding **PORTAKAL AHSAP LTD** Products please contact the **PORTAKAL AHSAP LTD** Technical Services Department +90 262 742 38 21 The above information complies with the 199/45/EC and 1907/2006 Directives and their amendments.
- In all cases of potential poisoning supportive therapy is of the utmost importance.
- If medical professionals require advice regarding first aid treatment, all **PORTAKAL AHSAP LTD** products are registered with the Turkish National Poisons Unit (UZEM), UZEM local telephone no : 114
